EXPERIENCE

HAPTIQ LAB PVT LTD

Software Engineer

Pune, India

July 2025 – Present

- Developed an **Exception Reporting** module to detect, track, and report **unmapped** records and **missing** data feeds, enabling proactive identification of data inconsistencies, significantly improving data quality visibility, reducing manual investigation efforts, and accelerating **issue resolution** across financial data pipelines.
- Implemented the **weekly GL** (General Ledger) **Posting** feature by implementing a date-range-based transaction aggregation feed to **posted variance** validation, **Posting ID**-driven audit traceability, comprehensive data integrity checks, and controls to prevent duplicate postings, ensuring accurate **accounting entries**, compliance readiness, and streamlined financial reconciliation processes.

MYSOFTWARE TECHNOLOGY & IT CONSULTANCY

Frontend Developer Intern

Ichalkaranji, India

Jan 2024 – Jun 2024

- Developed and launched fully responsive, accessible websites for [Krishna Ayurvedic Center](#) and [MySoftware Technology](#) using mobile-first design and cross-browser compatibility, significantly enhancing user experience and online presence.
- Built and integrated key features including an **appointment** booking system, dynamic course listing interface, and automated enrollment workflow, improving customer conversions, navigation, and reducing manual processing time.
- Implemented social sharing integrations (**Pabbly**), increasing blog reach by 40%, boosting course enrollments by 50%, and strengthening overall user engagement.

TECHNICAL SKILLS

Technologies: HTML, CSS, JavaScript, React, Router, Redux Toolkit, Json, Node.js, Express, Sequelize ORM [\[Certificate\]](#)

Database: MongoDB, Postgres, Firebase.

Version Control & Developer Tools: Git, GitHub, npm, Postman, Netlify.

EDUCATION

SHARAD INSTITUTE OF TECHNOLOGY COLLEGE OF ENGINEERING

Bachelor of Technology in Computer Science & Engineering

CGPA: **9.07**

Yadav, India

Dec 2021 – Jun 2024

SHARAD INSTITUTE OF TECHNOLOGY POLYTECHNIC

Diploma in Information Technology

Percentage: **92.69**

Yadav, India

Jun 2018 - Aug 2021

ACADEMIC PROJECTS

FASHION STORE – [ReactJS, React Router, Tailwind CSS, Firebase, Vite]

Dec 2024 – Jan 2025

- Built a scalable e-commerce platform using React.js and Firebase, implementing real-time authentication, **Add to Cart**, **Wishlist**, and secure **checkout** to enhance **user experience**, engagement, and data security.
- Optimized performance, **cross-browser** compatibility, and mobile responsiveness, ensuring seamless navigation, and scalable deployment on **Netlify** for a highly available and user-friendly shopping experience. | [Live](#) | [Github](#) |

VOTING APPLICATION - [MongoDB Express, React, Node]

Apr 2024 - May 2024

- Developed a secure full-stack voting application with **JWT Token Authentication** and **role-based access control** (RBAC), ensuring only authorized users can access and perform role-specific tasks.
- Built and integrated **RESTful APIs** for seamless frontend-backend interaction, enabling real-time **vote tallying** and accurate result displays, and ensuring scalability with cross-browser compatibility. | [Github](#) |

ACHIEVEMENTS

- Finalist** – TechThrive Event (ELESA, WCE Sangli): Recognized for developing an innovative **student-centric** online platform, demonstrating expertise in problem-solving, software development, and technical presentation skills. | [Certificate](#) |
- Published Paper** – **TCP/IP Protocol Suite**: published a paper analyzing **TCP/IP** network protocols, focusing on data transmission efficiency, security enhancements, and protocol optimization for improved connectivity. | [Link](#) | [Certificate](#) |
